Tennyson's First Home.

The Somersby House estate, with its
rent roll of £1,800 a year, and its invalu-
able sentimental value as including the
rectory in which Alfred Tennyson
was born, has failed as yet to find a pur-
chaser. Apart from the "investment of
capital" question, Somersby rectory is
likely in years to come to prove the Mecca
of Tennyson enthusiasts, and in that way
might be made a source of perpetual
profit in the hands of a private owner,
although I confess that I should like to
see it the property of the nation.Shakespeare's birthplace is secured to
us as a national heritage for all time,
and it would be well if Tennyson's first
home could be equally honored. For no
poet since Shakespeare has so perfectly
understood and voiced the various
phases, passions, heights and depths of
human nature, and it might almost be
said that in the Bible, Shakespeare and
Tennyson alone might be found some-
thing to coincide with every character-
istic and emotion of humanity.
For thirty years of his life Lord Ten-
nyson lived at Somersby, and no doubt
the exquisite appreciation of inanimate
as well as animate human nature
manifest in the laureate's works was
due largely to the influence of the beau-
tiful surroundings of his peaceful Lin-
colnshire home.—Lady's Pictorial.

The Kaiser's Great Wealth.

William II is at this moment the rich-
est sovereign of Europe. As emperor of
Germany he does not receive a thaler
toward his expenses. The reichs-
tag, however, votes him every year a sum of
2,600,000 marks under the heading,
"Funds placed at the disposition of the
emperor for distribution." Of this
amount, and according to minute cal-
culations which have been submitted to
the reichstag, 2,467,000 marks are given
to invalids who did not receive state
pensions after the great war of 1870.As king of Prussia he has had until
recently 12,218,399 marks a year, derived
from two sources—namely, 7,718,399
marks revenue from crown lands and
forests, and 4,500,000 marks voted by the
chamber as necessary to the main-
tenance of royal dignity. This sum was
quite sufficient for William I, but his
grandson has larger views and cannot do
with his grandfathers allowance, so the
Prussian Landtag has given him a sup-
plementary 3,500,000 marks, making his
civil list in all \$800,000.—London Society.

Stagnation in Shipbuilding.

The stagnation in the shipbuilding
trade on the Clyde is apparently most
serious. The North British Daily Mail
estimates that there are at present be-
tween Glasgow and Greenock over 15,
000 men out of work, every one of them
willing to accept any occupation that
might offer, although skilled workmen
at their trades. This statement, how-
ever, only partly shows the depression.
Out of 148 building berths on the Clyde
only forty-nine are now in use. The in-
dustry employs in good times from 50,
000 to 60,000 men, and it follows that
there are 30,000 or 40,000 men not work-
ing on the Clyde who would be em-
ployed there if all the yards were in full
operation. About one-third of this num-
ber, it is thought, have migrated to other
shipbuilding centers in Great Britain,
but the Mail thinks 15,000 is less than
the number of men actually idle on the
Clyde at the present time.

Do Not Despoil a Monument.

The Longfellow Memorial garden in
Cambridge does not attract many vis-
itors, and there is talk of putting up
some monument there to draw the at-
tention of strangers, so that they may
understand its purpose. The committee
in charge wish to put up a statue of
Longfellow, or some monument with re-
liefs illustrating his works, but the
Longfellow family does not approve of
this idea, preferring to let the garden,
which is the open lot opposite the Long-
fellow mansion, remain unmarked.—
Boston Cor. Critic.In the family of Philip C. Drummel,
of Philadelphia, five generations are rep-
resented. Mr. Drummel is ninety-four years
old and was a drummer boy under Na-
poleon, being present at the burning of
Moscow.Colorado College has lately received a
gift of \$500 for a library from Mr. H.
P. Coburn of Newton, Mass., and a val-
uable telescope from Henry R. Wolcott,
of Denver.A Yankee S. D. family is claimed to
consist of a father, mother and twen-
ty-four children. The mother is said to
be not yet thirty years old.

WHEN SHOULD THE LEGISLATURE MEET?

General R. M. Clarke has recently published an elaborate opinion in which he holds that the constitutional amendment changing the date of the convening of the Legislature from the first Monday in January to the third Monday of that month, next ensuing the election of members of the Assembly, was not properly adopted, and that the old form requiring the Legislature to convene on the first Monday in January is still in full force. Now that the question has been brought into public notice, it ought to be settled by the proper authorities—the Attorney General and the Supreme Court—at the earliest possible moment.

But there is a deeper phase to the question. The coming Legislature ought to pass, as its first supreme measure, an act making it a misdemeanor equivalent to bigamy in the second degree for any body voluntarily to look up the question of the constitutionality of any act passed by any session of the Legislature, which is not calculated to work an injustice to any one, or which if left in force will subvert the interests of the people as well as if it were non-existent. It is highly probable that the people of the State would have been just as happy and prosperous and raised just as many children if they had never known that by a hair-splitting technicality the Legislature ought to convene on the first Monday in January instead of the third.

HOW IT WOULD SUPPRESS SENATOR STEWART.

The gold bugs have at various times suggested divers ways and means of silencing Senator Stewart, and seem to be exercising them entirely beyond endurance in his battle for free coinage, but the most entirely original and cold-blooded proposition yet presented for downing Nevada's grand old man is that recently advocated by the St. Louis Globe-Democrat—a Republican organ, by the way, in spite of its euphonic title. Following is the "plan," with the New York Sun's terse commentary upon it:

Senator Stewart's days of potency are numbered. Nevada will soon be annexed to some of the adjoining States or Territories, and then his career will end. —St. Louis Globe-Democrat.

Just how? The Constitution provides for the admission of new States, but it does not provide for the forcible dismissal of States once admitted. It implies that a new State may be formed by the junction of two or more States already existing, or of parts of States, but that process requires not only an act of Congress, but also the consent of the Legislatures of the States concerned. If Nevada says, "Here I am, here I stay," there she is left there she stays. —New York Sun.

COLORADO AND NEVADA NOT INCLUDED.

What would Montana think of the wheat and cotton States if they quietly allowed Congress to pass a law excluding wheat from use in the making of bread, or cotton from the manufacture of cloth? Yet this is just what Montana, Colorado, Idaho, Washington, Wyoming, Nevada and other States are doing so far as silver is concerned.

Will the silver States fight for their rights—or peacefully give to Shyllock their life and prosperity? Agitate the question. Organize! —Great Falls (Mont.) News.

Please drop Colorado and Nevada out of the above named silver States. They are not doing and have not done as the other States did in the recent campaign. Colorado and Nevada have not "quietly allowed Congress" to ignore the claims of silver, and they have not elected Republican gold bugs to Congress and endorsed Harrison's warfare upon silver by giving him their electoral votes. No, don't include Colorado and Nevada. —Nevada News.

MONTANA SENATORIAL FIGHT.

A Denver News special says that without a dissenting voice the Supreme Court has ordered the canvassing board of Chouteau county to count the returns of Box Elder precinct, which will give a majority for Leech, the Republican candidate for the Legislature. The court announced that a written decision would be filed next Tuesday. Two of the county commissioners of the county have left the State, however, and as they constitute a majority of the canvassing board further proceedings of some sort will be necessary to accomplish the purpose of the peremptory writ. The Democrats, of course, will filibuster for a time. The Legislature meets January 2, and if Leech participates in the organization of the House that body will stand 26 Democrats, 26 Republicans and 3 Populists. Should Leech be seated in the Legislature the Populists will have the balance of power.

The Dayton Times says: "The London Times has just discovered that the Brussels Conference is 'a Harrison fraud.' If the Times editor had perused a few Nevada newspapers it would have dropped on that fact last summer."

Bryan of Nebraska is not only eloquent, but he is brave. He would stand side by side with the invincible Stewart if he was sent to the Senate.

Matters of Interest From Home and Abroad.

SEN. STEWART INTERVIEWED

Prominent Parties Divorced at Los Angeles.

THE NEW YORK SENATORSHIP.

Prominent Parties Divorced.

Los Angeles, Cal., Dec. 28.—The text of the decision of Judge Shaw, granting a divorce to Mrs. A. E. Brunson from her husband, Judge Brunson, has just been made public. This is the case in which Mrs. Mary O. H. Stoneman, wife of General George H. Stoneman, ex-Governor of this State, was named as co-respondent. Judge Shaw's decision declares:

First—From the evidence the court finds that defendant on or about the month of August, 1889, wilfully and without cause deserted the plaintiff, and that they have not occupied the same bed or cohabited as man and wife since said date, and defendant has, without excuse, refused to cohabit with plaintiff during the said time and that said acts of refusal and separation are desertion.

Second—Each and all of the allegations of the complaint filed herein charging said defendant with adultery with Mary O. Stoneman at any time or in any place, are false in every particular.

Third—That each and every allegation of cruelty upon the part of defendant, as stated and charged in said complaint are untrue.

Fourth—It is not true that the letter copied into the third count of said complaint was received by defendant in this action.

From the foregoing facts the court finds that plaintiff is entitled to a decree of divorce upon the grounds of desertion, but on no other grounds.

The New York Senatorship.

WASHINGTON, Dec. 28.—The Star this evening says: "Politicians here do not believe that Murphy of New York can be defeated for the United States Senate, and they believe Cleveland appropriates the fact. At present Cleveland has no personal representative in the Senate who has had experience and in a position to act as a leader. Should he succeed in the election of personal friends in New York it would not improve the situation greatly, as no new man, however capable, can figure very prominently. Cleveland will, however, have a strong personal friend in the Senate by the time the Fifty-third Congress is organized, unless all the present plans miscarry. This will be Bayard of Delaware. It is expected that Senator Gray will go into the Cabinet. His retirement from the Senate will mean the election of Bayard.

Believe De Reinach Was Murdered.

PARIS, Dec. 28.—Many persons openly express the belief that Baron de Reinach was murdered, and the official report to the contrary does not shake their belief. Against all these, however, stands the reputation of Dr. Brunsdel. Those who know him declare that nothing the Government could offer him would induce him to attach his name to a false report, and it such report was secretly decided upon he would not in any way be a party to it. The report is eagerly discussed, and is taken to end the question as to the Baron's death. De Reinach's family, it is supposed, will accept the report as final, as it removes from the Baron the stigma of suicide.

Damage By Floods.

Yuba City, Cal., Dec. 28.—The rivers are falling slowly. The water coming down from the north via Gridley and Live Oak through the fields is causing considerable damage to grain.

The town of Nicolaus on the river below here is under water and many cattle and hogs are reported drowned. The levee along Bear river near its mouth, is broken, flooding the surrounding country.

The street car track between this place and Marysville is washed out. A levee is broken on the Sacramento river in the western part of the county, overflowing Reclamation District No. 70. The weather is clearing.

Populists Issue a Manifesto.

INDIANAPOLIS, Dec. 28.—The People's party leaders have issued a manifesto today to the People's party legislators-elect in Nebraska, Wyoming, Montana, California, North Dakota and other States. The manifesto cautions the Populist legislators against fusion with either of the dominant parties in voting for a United States Senator, and to vote for no man who will not advocate and defend People's party principles in the United States Senate. The People's party in all the States of the Union are requested to help on the Industrial Legion to the extent of their power.

Cleveland the Czar of the Nation.

PORTLAND, Dec. 28.—Speaking of the interview with President-elect Cleveland, published in a New York paper this morning, Governor Penoyer to-day said:

"The impertinent interference of the President-elect with the selection of a United States Senator from New York is both unprecedented and alarming. If New York Democracy bows to such dictation, it will indicate that Mr. Cleveland has not only become the boss of his party, but the czar of the nation."

A Fine Stallion Dead.

CARSON, Dec. 28.—Gibraltar, the famous trotting stallion, died Monday afternoon about 4 o'clock at the ranch of John Sweeney, his owner. The animal was fed frost-bitten alfalfa, causing blood. Sweeney and his assistant worked four hours to save him.

In 1879 he held the world's trotting record for stallions, 2:23 $\frac{1}{2}$, made at Oakland Park. Last summer he made this time at Carson. He was in his prime as a sire at the time of his death, and was 30 years old. He was sire of Our Dick, 2:10 $\frac{1}{2}$; Homestake, 2:14 $\frac{1}{2}$; Roxiana, 2:19; Jibber Data and other fast horses.

Senator Stewart Interviewed.

NEW YORK, Dec. 28.—Senator William M. Stewart of Nevada is in town. "The monetary conference," he said, "is a fraud. It won't amount to anything. If the Republicans do not hurry up and pass a free coinage bill this winter they will not carry a State west of the Rocky mountains in 1896.

"If the Democrats do not pass a free coinage bill when they come into power the Populists will elect the President in 1896."

He said that free coinage will be the Populists' principal issue.

San Francisco Races.

SAN FRANCISCO, Dec. 28.—Four and a half furlongs—Charger won, Jim R. second, Tipsey Girl third; 67 $\frac{1}{2}$ seconds. Six and a half furlongs—Jennie R. won, Folly second, Raindrop third; time, 1:28 $\frac{1}{2}$. Handicap, all ages—Sheridan won, Cy-clone second, Elkins third; time, 1:44. Five furlongs—Guadalupe won, Little Tough second, Aerolite third; time, 1:07 $\frac{1}{2}$. Fifteen-sixteenths of a mile—Nell C. won, Alhus second, Cheerful third; time, 1:41.

Populist Conference.

INDIANAPOLIS, Dec. 28.—The Populist conference was occupied this morning with plans for pushing the organization of an industrial union at once.

At noon, after adjournment, General Vandervoort told an Associated Press reporter that practically all the State organizers were agreed upon, but their names would not be announced for several days when the list was completed. The national headquarters have not yet been completed.

Quarantine to Be Established.

WASHINGTON, Dec. 28.—The sub-committee having in charge the establishment of a national quarantine has agreed upon a bill which will be reported to the full committee after the recess. The bill puts the national quarantine system into the hands of the hospital service of the revenue marine and makes the State quarantine subordinate. The President is authorized to suspend immigration from foreign countries where infectious diseases exist.

A Duel With Fatal Results.

LONDON, Dec. 28.—Advice from Monte Carlo confirm the reported duel between an American and a Russian. The latter was shot through the heart, dying instantly. The Russian is believed to be Grand Duke Nicolaevitch, a son of the late Grand Duke Nicolaevitch, an uncle of the Czar.

Stanfords Again Winners.

RIVERSIDE, Cal., Dec. 28.—The greatest sporting event that has taken place in this city for a long time past was the game of football played between the Stanford University and Chaffey College teams to-day. The Stanfords won the game easily by a score of 68 to nothing. Fully 2,000 people witnessed the game.

Cholera Still Raging.

HAMBURG, Dec. 28.—Cholera continues to claim new victims here. A feeling of dread that the warm weather will herald the approach of another season of epidemic grows in strength daily. The report for yesterday shows that two new patients were removed to the hospital and one death.

Blaine Unchanged.

WASHINGTON, Dec. 28.—At 6 o'clock this evening Dr. Johnston said Blaine had passed an uneventful day and that he did not expect to make another call at the house to-night.

Schafer Defeats Vignaux.

PARIS, Dec. 28.—In the single cushion carom billiard match, four hundred points, Schafer defeated Vignaux by fifty-five points in a game of 104 innings.

An Eight-Round Fight.

CONY ISLAND, Dec. 28.—In the fight between Plimmer and McGrath for the bantam weight championship here this evening, Plimmer won in eight rounds.

Weather Report.

SAN FRANCISCO, Dec. 28.—The weather forecast for Nevada is fair weather and cooler.

Deserves Attention.

If you have money to invest in Reno real estate, either in large or small amounts, the Reno Real Estate and Investment Company offers most particular inducements to you. By investing in its shares of stock you participate in its investments which are governed by its able and experienced Board of Trustees, consisting of Mr. C. T. Bender, Mr. Sol Levy, Mr. C. O. Powning, Mr. Geo. F. Tarrittin and Mr. A. G. Fletcher. The principle object of the company is to purchase and improve centrally located business property in the city of Reno. Everyone is of one mind as to the desirability of such investments.

The company is incorporated with a capital of \$100,000, divided into 20,000 shares of the par value of five dollars each, and from its already large list of share holders there is every reason to believe that it is destined to become one of the most flourishing companies in the State. Of its 20,000 shares there have been 12,000 sold since August 1st.

Its shares are sold upon the monthly installment plan of ten cents per share, installments to range over a period of fifty months. In this way persons of moderate means are enabled to combine and participate in investments that usually only fall to the lot of the fortunate capitalist. Mr. F. M. Lee, the Secretary of the company, will be pleased to furnish any desired information.

The mining outlook about Hawthorne is brighter than for a long time past. The strata, which has a daily capacity of four tons in its two pans, is working day and night, turning out yellow metal for small mine owners who, since it has been in operation, are enabled to work their low grade gold ores with a profit.—Florida Belt.

MARRIED.

WEST-PAYNE.—In Reno, December 27, 1892, by Rev. J. A. Brady, George West and Miss May Payne.

Ayer's Hair Vigor

Makes the hair soft and glossy.

"I have used Ayer's Hair Vigor for nearly five years and my hair is moist, glossy, and in an excellent state of preservation. I am forty years old, and have hidden the plains for twenty-five years." —Wm. Henry Ott, alias "Mustang Bill," Newcastle, Wyo.

Ayer's Hair Vigor

Prevents hair from falling out.

"A number of years ago, by recommendation of a friend, I began to use Ayer's Hair Vigor to stop the hair from falling out and prevent its turning gray. The first effects were most satisfactory. Occasional applications since have kept my hair thick and of a natural color." —H. E. Basham, McKinney, Texas.

Ayer's Hair Vigor

Restores hair after fevers.

"Over a year ago I had a severe fever, and when I recovered, my hair began to fall out, and what little remained turned gray. I tried various remedies, but without success, till at last I began to use Ayer's Hair Vigor, and now my hair is growing rapidly and is restored to its original color." —Mrs. A. Collins, Dighton, Mass.

Ayer's Hair Vigor

Prevents hair from turning gray.

"My hair was rapidly turning gray and falling out; one bottle of Ayer's Hair Vigor has remedied the trouble, and my hair is now its original color and fullness." —B. Onkrupa, Cleveland, O.
